評審方式：由學校長期發展委員及董事會綜合評審。

Result： All applications will be reviewed and approved by long term committee members and board members.

Special Notes:

1. The Principal will work with treasurer to confirm the availability of the funding for the new season first. If the funding is not in place, the scholarship will be dis-continued.

2. Since this is a scholarship for the participating students, not reimbursement, thus, no spending receipt is needed for the application.

3. The board approves that team coach can receive reimbursement of up to \$600, if remaining fund is available. The reason we want to subsidize the coach for the trip was because that the coach spend 10 months training the team without being paid at all, so we want to show our appreciation by subsidizing coach's expense up to certain amount, however, if the very same coach is not going and a new coach was assigned to the team for the trip, this subsidy will not apply. Since this is a reimbursement, coach will need to submit his/her expense receipts to Principal for approval.
